

HERE, HEROES WEAR MASKS

Keep yourself and others in our Mean Green Family safe by wearing a face covering at all times when not eating or drinking.

HOW TO PUT ON YOUR FACE COVERING CORRECTLY:

- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily

BE SURE YOU ARE WEARING YOUR FACE COVERING CORRECTLY:

- Wear a face covering that covers your nose and mouth to help protect others in case you're infected with COVID-19 but don't have symptoms
- Wear a face covering in public settings when around people who don't live in your household, especially when it may be difficult for you to stay six feet apart
- Wear a face covering correctly for maximum protection
- Don't put the face covering around your neck or up on your forehead
- Don't touch the face covering, and, if you do, wash your hands or use hand sanitizer to disinfect

HOW TO TAKE YOUR FACE COVERING OFF CORRECTLY:

- Untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine (learn more about how to wash cloth face coverings)
- Be careful not to touch your eyes, nose, and mouth when removing and wash hands immediately after removing.

And don't forget to store your mask some place safe — where it won't get contaminated.

Stay smart. Stay strong. Stay safe.
